The first six character positions starting from the left for 1/8", 3/16", and 1/4" sizes may be numbers, letters or spaces. The last four must be numbers or spaces. The 3/8" size allows for up to six numbers only.

Leading zeros will be added so the beginning and ending number in each sequence has an equal number of characters.

STEP 4 - Determine Nameplate Copy: Please clearly print or type the wording and punctuation. Show the serial number size and beginning and ending numbers and prefixes.

STEP 5 - Determine Quantity: Order in multiples of 100, providing quantity and exact serial numbers required. Please provide beginning and ending numbers and prefixes, if any. We recommend a maximum order quantity of one year for pressure-sensitive adhesive due to the shelf life of the adhesive.

STEP 6 - Determine Price: Refer to prices per 100. Options available include:

- Preformed nameplates (for curved surfaces), add \$5.00 per 100.
- Sequence changes, add \$3.50 for each change.

BKB001 - 1 3/4" x 7/16"

BKB002 - 2 3/8" x 9/16"
