

EZ-Peel Removable Bar Code Labels

Doesn't the name say it all? EZ-Peel Removable Labels from Metalcraft do just that – peel away easily allowing the user to remove or reposition the label without leaving a messy residue. This durable polyester label is ideal for reusable shipping containers, inventory shelving, work-in-process applications or any other application where items are subjected to repeat labeling.

Designed with a special adhesive, users are able to remove the label without leaving a sticky, messy residue. A small tab at one end has no adhesive so it's easy to lift, grab, and peel off so you can reposition or reuse them.

And just because the labels are functional doesn't mean they can't look nice as well. EZ-Peel Removable Labels can be printed in one or two of our standard colors (black, red, yellow, green or blue) and include a company logo or stylized type. They are designed for a more rugged, but short-term environment compared to typical short-term labels.

EZ-Peel Removable Polyester Bar Code Labels Specifications

Material: .002" thick polyester.

Serialization: Bar code and human-readable equivalent is produced using the latest high-resolution digital technology available, which provides excellent clarity and easy scanning. Code 39 is the standard symbology with a range of 2.7 to 9.4 CPI (characters per inch). Optional symbologies include Code 128 and I 2 of 5.

Label Copy: The label copy may include block type, stylized type logos or other designs. All copy, block type, logos, designs, and bar code are subsurface printed. This unique process provides excellent resistance to solvents, caustics, acids, and moderate abrasion.

Colors: Standard colors include black, red, yellow, green or blue. Due to contrast needed for the bar code scanner, all bar codes are black.

Standard Sizes:

No. 277: 2" x 3/4"

No. 387: 1 3/4" x 7/8"

No. 694: 2 3/4" x 1 1/4"

Adhesive: .001" removable/repositionable adhesive. A small tab at one end has no adhesive making it easy to lift and remove or reposition the label. Provides good bonding to metal, wood, most plastics, and painted surfaces.

Packaging: Shipped on convenient rolls for easy removal. Cleaning solution is provided to assist in applying to a clean surface. Both rolls and cartons are clearly marked to indicate serial numbers of labels.

Shipment: 7 work days.

To Order: Call **1-800-437-5283** and ask for customer service.
