Metalcraft's Key Fobs are the ideal solution for personnel applications where the tag can be secured to a key chain.

This product works well in conjunction with our other Access Control products, i.e. [Windshield Tags](#) or [Lanyard Badges](#), for a complete Access Control solution.

These tags perform even better than they look. Made from a variety of durable, permanent materials, the actual construction of the tag protects the tag by sealing it within the layers of durable material.

Specifications Data

Material	Polyester
Bar Code & Serialization	Barcode and human-readable equivalent is digitally printed – providing excellent clarity and easy scanning. Code 39 is the standard symbology with a range of 2.7 to 9.4 CPI (characters per inch). Optional linear and 2D symbologies available. Although this product is primarily marketed as a bar code product, we can produce it with human-readable numbers only or unserialized.
Label Copy	The label copy may include block type, stylized type, logos or other designs
Colors	Standard colors include black, red, yellow, green or blue. Custom spot colors are also available at no additional charge. Due to contrast needed for the bar code scanner, all bar codes are black.
