

Beautiful graphics and detailed printing make any image come to life on our ID Access RFID Credential Tag.

Produced with a digital printing process that provides photographic like image quality of detailed logos or special designs, these tags are the perfect solution when you want your image to leave a lasting impression. And with our two-sided printing option your image has double the impact!

These tags perform even better than they look. Made from a variety of durable, permanent materials, the actual construction of the tag protects the inlay by sealing it within the layers of durable material. In addition, each tag can be programmed to match the variable information printed on the label.
