

The Rearview Mirror Tag is a stellar choice for access control in parking lots, gated communities and anywhere vehicles go.

The logo and barcode are subsurface printed on thick polyester for durability and rigidity. Like the [Windshield Tag](#), the Rearview Mirror Tag provides excellent read range; however, unlike the Windshield Tag, the Rearview Mirror Tag is completely removable and reusable.

## Features

Unlimited color options with choice of up to four standard or custom colors  
Digital printing process provides for greater print capability with detailed logos or special designs  
Double-sided registered option available
